INTRODUCTION

Motivated and dedicated Computer Science and Engineering student with a strong foundation in programming and problem solving. Passionate about building innovative solutions that create real-world impact. Eager to learn, contribute and grow in a dynamic and challenging environment

SOFT SKILLS

- Problem Solving
- Critical Thinking
- Teamwork & Collaboration
- Time Management
- Computer Literacy

EDUCATION

B.E. in Computer Science and Engineering

- Atria Institute of Technology, Bengaluru
- CGPA: 8.32/10

VIVEKA PU COLLEGE

- PUC (PCMB)
- Karnataka State PU Board
- Percentage: 91%

SMS ENGLISH MEDIUM SCHOOL

- Karnataka Secondary Education
- Examination Board
- Percentage: 92.48

TECHNICAL SKILLS

- C, C++, Java, Python
- Web Technologies
- HTML
- Tools & Platforms
- GitHub
- Other Skills
- Data Structures & Algorithms (Learning)
- Microsoft Word, Excel, PowerPoint

PROJECTS

Pollisense AI (Ongoing)

- Concept: AI-powered smart agriculture platform tracking pollination to boost crop yields.
- Tech: Computer vision and IoT sensors for real-time monitoring and data analysis.

Nayi Disha (Ongoing)

- Concept: Accessible digital platform connecting individuals with job opportunities and resources.
- Focus: User-friendly design, community impact, and seamless navigation.

Hearing Aid App (Ongoing)

- Concept: Mobile application assisting individuals with hearing impairments.
- Features: Real-time sound amplification, noise reduction, and custom adjustments.
